

SECTION 5

The SOTA logo

The idea of SOTA's identity is a blank stencil that is only completed when input is injected into it. The identity is therefore always different and fresh with the only constant being the SOTA outline. It supports the school's mission to celebrate experimentation, expression and creativity with strong engagement and space for personal design.

SECTION 6

Talent Academy

SOTA offers 100% of our places through the Talent Academy (TA) under the Ministry of Education Direct School Admission - Secondary Exercise.

1. The TA is more than an audition:

- It offers participants the opportunity to learn and gain insights from our international resource panelists and SOTA faculty experts.
- Participants would also get to interact with like-minded students through group workshops that focus on music, dance, visual arts and theatre.

2. The primary criterion for admission into SOTA is artistic talent and potential, demonstrated through:

- Live Audition
- Personal Interview
- Portfolio Review

3. Students may audition in the following art forms at the TA:

- Dance (Ballet or Non-Ballet)
- Music (Instrumental or Voice)
- Theatre
- Visual Arts

4. The TA is usually held during:

- March School Holidays
- June School Holidays
