The School of the Arts (SOTA) is Singapore's first national pre-tertiary specialised arts school with a six-year integrated arts and academic curriculum, leading to the International Baccalaureate (IB) Diploma or Career-related Programme, for youths aged 13-18 years old.

Under the ambit of the Ministry of Culture, Community and Youth (MCCY), SOTA offers a dedicated development path for those who have interest and show early talent in the arts, providing a learning environment where both the artistic and academic potential can best be realised.

With a vision to nurture creative citizens for the future, SOTA aims to identify and groom artistic and creative learners who positively impact Singapore and the world, through a vibrant learning environment that is anchored in the arts.

A school of the future, SOTA embraces a holistic educational philosophy that celebrates experimentation, expression and discovery.

A CONVERSATION

Date: 7th February - 7:30pm
8th February - 2:30pm
Venue: SOTA Gallery

In 1986, contemporary composers Iannis Xenakis and Morten Feldman had a conversation about ideas of music, art, and humanity.

This conversation became the starting point in which we began to explore similarities and differences between art forms, in the way we approach concepts and create art.

SOTA presents an interdisciplinary dialogue whereby ideas of stillness, silence, singularity, and boredom are explored and exchanged.

“Where in life we do everything we can to avoid anxiety, in art we must pursue it. This is difficult. Everything in our life and culture, regardless of our background, is dragging us away. Still, there is this sense of something imminent. And what is imminent, we find, is neither the past nor the future, but simply - the next ten minutes.”
- Morton Feldman

Ticketing details to be announced. Please note that in exploring these ideas, the work will be durational.
DANCE SHOWCASE

RAPPORT 2020

Date: 2nd & 3rd April

### SOTA Endowment Fund - A Gift to Transform Lives

School of the Arts, Singapore (SOTA) offers a pre-tertiary pathway to the children who have interest and show early talent in the arts. Beyond developing the students’ artistic talents, the School offers a well-integrated curriculum that aims to nurture creative citizens equipped with future-ready skills and dispositions to positively impact society and shape the future.

SOTA believes that every artistically-inclined child, regardless of their background, should be given an opportunity to study at SOTA and benefit from a unique arts-enhanced education. The SOTA Endowment Fund addresses the need for long-term sustainability in providing our students with bursaries, scholarships and other financial assistance.

Every gift matters. Your contribution to this fund will greatly supplement a student’s expenditure on school necessities and play a part in nurturing the next generation of cultural leaders.
